

CHEMISTRY COUNCIL OF NEW JERSEY'S PLANT OPERATIONS MANAGEMENT WORKSHOP

DECEMBER 5, 2024 | EAST BRUNSWICK, NJ

8:00 AM	Registrant Check-In & Networking Continental Breakfast Available	
8:45 AM	Welcome & Introductions <ul style="list-style-type: none"> • Safety/Logistics Briefing • Review agenda – what do you want to hear about today? • Antitrust Reminder • Other Announcements 	<i>Speaker</i> CCNJ
9:00 AM	Workforce Development Programs: Updates & Opportunities Howard Miller, Assistant Director for Business Engagement and Sector Strategies at the NJ Department of Labor and Workforce Development, will provide an overview of new and existing workforce programs designed to benefit New Jersey-based industries. This session offers a unique opportunity to engage directly with the Department, ask questions, and discuss any labor or workforce development issues or policies relevant to your operations.	<i>Speaker</i> Howard Miller, Assistant Director for Business Engagement and Sector Strategies, NJ Department of Labor & Workforce Development
10:00 AM	Chemical Sector Threat Briefing & Security Insights As a key member of the Infrastructure Advisory Committee, CCNJ maintains a strong relationship with the NJ Office of Homeland Security and Preparedness (NJOHSP). Representatives from NJOHSP's Analysis and Intelligence Management Bureaus will provide an overview of the Current Threat Landscape for the Chemical Sector, discuss the importance of the Suspicious Activity Reporting System (SARS), and introduce New Jersey Shield—highlighting why plant representatives should register. A Q&A session will follow to address any questions.	<i>Speaker</i> NJOHSP
11:00 AM	Networking Break	
11:30 AM	Service Showcase	<i>Speaker</i> A&B Stainless Valve
12:00 PM	Lunch & Networking	
1:00PM	Energy Initiatives Session with the NJ BPU Energy remains a top priority for the manufacturing sector, and this session will explore how the New Jersey Board of Public Utilities (BPU) is navigating the challenges of advancing a greener energy portfolio while ensuring reliability and managing costs. With new programs and potential energy initiatives on the horizon, this presentation is expected to provide valuable insights into the future of energy in New Jersey.	<i>Speaker</i> NJ BPU (Invited)
2:00 PM	Service Showcase II	<i>Speaker</i>
2:15 PM	CCNJ Advocacy & Discussion Session CCNJ staff will lead a discussion on key legislative and regulatory priorities that could significantly impact operations across New Jersey. Our team will outline critical bills and policies that require member support to ensure our industry's concerns are addressed and advocated effectively. This session also provides a unique opportunity for participants to ask questions, share insights, and offer suggestions on how CCNJ can enhance its membership services. We encourage you to provide feedback on how we can better support you and improve your plant's overall operations. Your input is crucial in helping us continue to advocate for the interests of the chemical industry in New Jersey.	<i>Speaker</i> CCNJ Staff
3:00 PM	Adjourn
